Avi --

Many thanks for your help and hard work finding me my new office location and for leading the negotiations. I was highly impressed by your level of professionalism and knowledge of the local market. I also greatly appreciated your quick response and follow-up to my questions throughout the process. You being as accessible as you were made for a smooth and stress free experience for me. I knew very quickly after our first meeting that I was in extremely capable hands!

I will certainly recommend you and Aptcor Commercial Realtors to others I know who may be looking for office space in future. Thank you again for making this relocation happen for me!

Warm Regards,

John Cabrey
